## **Mentor Mentee Mode**

### **Introduction**

Mentoring is an interactive and participative process which provides support at key stages of a student's life to help him/her settle in, make progress and to achieve their potential within the college. Mentor Mentee Mode, as a process, provides opportunities for the mentors and mentees to experience share and learn from each other's gifts and talents. They get a platform to learn and gain insight from such association with mature, prudent and prominent interaction. The mentor-mentee relationships will have a profound influence on the students' personal growth, career development and even life values. Through mentor-mentee connections, mentor shares professional practice and information, offers advice, and teaches the mentee, and on the other hand, mentee brings in new questions, ideas and enthusiasm to the mentor. Consequently, the mentor-mentee becomes a beneficial process both for the mentor and mentee.

### **Aims and Objectives**

1. To promote mentoring relationships between the mentor and the mentee.
2. To expose students to teachers as facilitators in their learning process.
3. To enhance students' educational, social and personal growth through learning from the experience of mentors.
4. To enable mentors to keep in touch with student life and college development through interaction with mentees.
5. To use Mentor -Mentee experience in Improving their Results and improvising the functioning of the college.

### **Mentors' Roles and Responsibilities**

1. Mentors may perform a variety of roles, such as model, advisor, friend, teacher and resource person. These roles serve many functions in the mentor-mentee relationships. They can bring profound changes to the mentees' social, professional and academic perspectives.
2. Mentors may act as a coach by giving advice, suggestions and guidance to the mentees about their career planning and advancement in future.
3. Mentors may help mentees understand some real life experience in the workplace and integrate their theoretical learning with practical examples in the field.

4. Mentors may help mentees enhance their self-esteem, confidence, professional, Commitment and human relationship skills.
5. To nurture a spirit of unity.

### **Mentees' Roles and Responsibilities**

1. Mentees may perform different roles such as student, apprentice, friend, explorer, and supervisee. In carrying out these roles, mentees can learn from their role models who serve as experienced and friendly advisors.
2. Mentees can share with the mentors their talents, achievements, interests and issues in relation to professional development.
3. Mentees can seek advice from mentors about career choice and the necessary preparation for success.
4. Mentees need to respect the mentors and demonstrate the passion and willingness to invest time and effort to nurture the mentor-mentee connections, aiming to achieve wider exposure, supportive exchange, problem-solving and richer social life.
5. Mentee will be required to report regularly to the College on progress of mentorship and, give feedback about the programme to the College.

### **Proposed Mentor-Mentee Interaction Activities**

#### **1. Educational Activities**

- sharing on academic articles or books
- attending professional conferences, seminars, workshops or short courses
- working on educational projects.

#### **2. Social, Cultural and Sport Activities**

- going out to lunch/dinner/tea/happy hour
- arranging campus visit
- engaging in sport, recreational and cultural activities
- participating in various activities organized by the College
- introduction of the mentor's professional career and his/her job's nature, including description and site visit to the workplace of the mentor
- scheduling meetings to share issues related to the current development of the mentor's profession, or mentor's knowledge and experience in social skills building, critical and analytical thinking, decision-making, problem solving, stress coping in managing his/her work.

### 3. Others

- frequent contact via e-mail, telephone calls, sms, etc
- arranging group mentoring activities together with ex-/other mentors and mentees;

### For Mentors - Do's and Don'ts

#### Mentors Do's

- Keep close in touch with your mentee
- Encourage your mentee to be proactive
- Treat your mentee as a young brother, sister or colleague
- Enjoy the mentor-mentee relationship
- Listen to your mentee's questions

#### Mentors - Don'ts

- present too expensive gift to mentee
- don't speak like a boss to your mentee
- get personal assumptions about your mentee
- underestimate the time and commitment

### For Mentees - Do's and Don'ts

#### Mentees - Do's

- take initiative to keep close contact with your mentor
- suggest activities for promoting mentor-mentee relationship
- make a priority for meeting with your mentor
- respect your mentor in all kinds of communication
- keep record of your experiences with your mentor
- be open-minded in sharing with your mentor
- prepare some topics for discussion before you meet your mentor
- observe general etiquette standards, i.e. be punctual and courteous
- Try to send your words of concern via email or an SMS

#### Mentees - Don'ts

- be emotional in seeking advice from your mentor
- get personal assumptions about your mentor
- underestimate the time and commitment
- impose unrealistic expectation upon your mentor, such as securing a job or answer all your questions and solves all your problems
- contact your mentor in unreasonable hours, i.e. too early in the morning or too late at night

# BRIDGE COURSE REPORT

## 2020 – 21

### About College:

Pillai HOC College of Arts, Science and Commerce, Rasayani was established in the year 2008 by Dr. K.M. Vasudevan Pillai, Chairman and CEO, MES whose vision was to provide students of Rasayani with quality education in a high-tech atmosphere. It started off with just a handful of students, but today it has grown to a full-fledged Bachelor's College with ten disciplines, i.e.

B.A (Specialization-English, History, Economics), B.A. (Mass Media & Communication), B.Com. (Regular), B.Com (Accounting & Finance), B.M.S., B.Sc. (Computer Science) and B.Sc. (Information Technology), B.Sc. (Specialization-Physics, Chemistry, Mathematics, Biology) Master of Commerce in Accountancy (M.Com.), Master of Science in Information Technology (M.Sc. I.T.).

Another salient feature is that even the classrooms are internationally designed for the teacher to co-ordinate with the students easily and efficiently. The college is located in Pillai HOCL Educational Campus at Rasayani in a multidimensional education campus which is surrounded by lush natural beauty and which has state-of-the-art infrastructure providing the right environment for learning.

Principal:

Dr. Lata Menon

In a safe and caring environment, we inspire and prepare young people to achieve their potential. Our college educates the whole mind, body and spirit of a student. We focus on each student's needs and talents. Our College conducts a short intensive Bridge Course for the First Year Students as soon as the semester commences. Students having minimal or no background of the subject/s offered in their course are aided by our teachers to bridge the gap between their previous knowledge base and the required current knowledge base. The students are identified those who did not have a previous background and (or) found the subject difficult to comprehend. The objective of the course is to analyze their level of understanding of the subject before the start of the curriculum and bridge the gap by enhancing their knowledge and bring them on par with the other students of their class.

We recognize that all of our students have different talents and we strive to ensure that every student has an equal opportunity to find and develop the talents they possess. They are challenged in the classroom by pushing them to think beyond the obvious.

## Overall Overview of the Course

### Reflections on the course implementation and results

#### Course strengths

- Overall, classes and interactions with teachers were appreciated.
- According to student feedback, course structure worked well this year.

#### Course weaknesses

- One thing which is to be addressed is most students do not find online mode to be more comfortable.
- Due to online mode, time constrain was to be met.

#### Course Overview

The Bridge Courses Classes were taken in online mode via Zoom/ Google Meet. It helped to build a rapport with students and was a good start for the new academic year for the freshers amidst the pandemic crisis. It further enabled them to grasp different perspectives of college education. Though things were carried out with ease, the eye contact and physical presence was considerably preferable by both Teachers and Students.

## Will Paper Money Be Substituted By Electronic Money?

"Money, is just paper and will turn with the judgement, but a mindset for the future, is like a reservation domain of writing that will create them - tomorrow."

- Anthony Robbins

With the technological advancements in the banking system, now a days people are interested with maintaining money in their saving for purchase. It is a bit of a traditional cultural, because

### Topic Name :- Is Competition Really Good?

All of us are different from each other, but our motive is the same. All of us want to become successful and also want to acquire knowledge. To achieve how much, we have learned it is very necessary to compete with others and take part in different competitions. Almost every day, people have to compete at least in family or in society. It may be the signing of a contract or the winning or losing of a race, but this causes people to experience different emotions. In addition to the opportunity to feel joy or to find new friends, competition can also lead to stress or obsession with a competitor.

So, my own opinion for the above topic is, Is competition really good?

Yes, definitely competition really good.

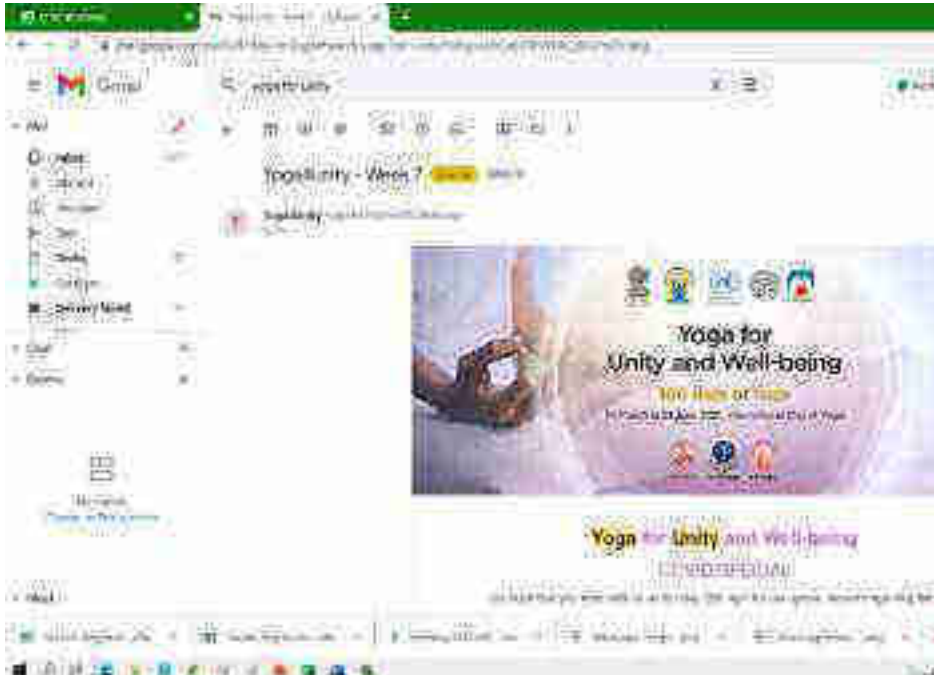

Because in competition it is possible to win and
